

How to clear cache in Chrome

1. At your **Chrome** browser, click **More** button  on the upper right hand corner.
2. Click **More tools**, then **Clear browsing data...** menu.

3. From Clear browsing data window, click **Advanced** tab, select **All Time** from Time range drop down menu. Check **all the boxes** below except “Passwords and other sign-in data”.

4. Click **Clear data** button. Restart your browser.
