

How to clear cache in Internet Explorer

1. At your **Internet Explorer** browser, click the **Tools** button on the upper right hand corner, then choose **Internet options**.

2. On the **General** tab under the **Browsing history** section, click the **Delete...** button.

3. Check **all the boxes** below except "Password". Then click **Delete**. Restart your browser.

Delete Browsing History

- Preserve Favorites website data**
Keep cookies and temporary Internet files that enable your favorite websites to retain preferences and display faster.
- Temporary Internet files and website files**
Copies of webpages, images, and media that are saved for faster viewing.
- Cookies and website data**
Files or databases stored on your computer by websites to save preferences or improve website performance.
- History**
List of websites you have visited.
- Download History**
List of files you have downloaded.
- Form data**
Saved information that you have typed into forms.
- Passwords**
Saved passwords that are automatically filled in when you sign in to a website you've previously visited.
- Tracking Protection, ActiveX Filtering and Do Not Track**
A list of websites excluded from filtering, data used by Tracking Protection to detect where sites might automatically be sharing details about your visit, and exceptions to Do Not Track requests.
